## EL CULO NEGRO - THE DEMOCRATS ONLY CHOICE FOR VICE PRESIDENT

### LET THE DEMOCRATS KNOW - IT'S NOT TOO LATE TO WIN!

Call Al's HQ @ 615-340-2000 or e-mail Al at [algore@whitehouse.gov](mailto:algore@whitehouse.gov) LET THEM KNOW THEIR GRAVE MISTAKE WILL COST THEM

America has enjoyed eight years of history-making peace and prosperity under the steady and successful guidance of Bill Clinton and Al Gore. DEMOCRATIC RULE OF THE COUNTRY MUST PREVAIL!

But Al Gore has grown complacent. He will be an effective president, but ONLY if he wins the election. If the American people believe that Al Gore feels entitled to the Presidency, they will punish his arrogance and award the next four years to George W. Bush and Dick Cheney. The Presidency of the United States is not an inherited office but a position that must be Fought for and earned through blood, sweat, and tears!

There is one man who has always lived his life just barely keeping his head above all three of these bodily fluids!

There is one man who has always battled the forces of evil republicanism with the graceful leaps and steel-vice holds of **la lucha libre!**

There is only one man for the democratic vice-presidential nominee, a man who will bring the ticket of 2000 the honor, strength, and crowd-pleasing flamboyance that will defeat the republican menace!

Friend of children

Friend of nature

Friend of man

### EL CULO NEGRO IS THAT MAN!

There are 24 million wrestling fans, 35 million Hispanics, and 75 million fun-loving Democrats in the United States. That's 134 million votes for the Albert Gore/El Culo Negro ticket.

El Culo Negro has what it takes to be the next Vice-President of the United States. He's got vision. He's got guts. He wears a cape.

### LIEBERMAN VS. NEGRO

Joe Lieberman is an old, boring white man. El Culo Negro is a young, exciting brown man.

Joe Lieberman criticizes Hollywood for its handling of sex and violence. El Culo Negro has no problem with Hollywood, but prefers arthouse films like "The Croupier."

Joe Lieberman is the most conservative Democrat in the Senate. El Culo Negro is the most liberal Mexican Wrestler in the Mexican Wrestling Association, except for The Blue Demon, who believes that the Supreme Court should be made up entirely of black, handicapped lesbians.

## A MEXICAN WRESTLER IN THE WHITE HOUSE? ¡SÍ!

### EARLY BIOGRAPHY

June 15, 1965: El Culo Negro is born Felix Navidad, the youngest in a family of 13 children, in Nogales, AZ.

November 4, 1968: Richard Nixon is elected president of the United States. Felix's father, a staunch Democrat, moves the family across the border to Nogales, Mexico to avoid Republican oppression.

August 3, 1972: Felix becomes an orphan when lightning strikes his childhood home, setting it on fire. Felix, the only survivor, crawls out of the flames with his buttocks stained black from the sting of pure electricity.

March 19, 1980: Local wrestling promoter sees Felix in a streetfight and recruits him for the University Of Wrestling in Santa Claus. Felix dons his now-distinctive horned mask and becomes "El Culo Negro," after his childhood deformity.

September 7, 1985: El Culo Negro is named Mexico's Top Wrestler as well as "Sexiest Man Alive" by Noticias.

May 22, 1986: El Culo Negro returns to the U.S. as part of a wrestling exchange program that also sends Captain Lou Albano to El Salvador as a covert freedom fighter. Witnessing the terrible conditions of the country's poor during the Regan years, along with the horror of Spuds Mackenzie, El Culo Negro's nascent political spirit comes alive. He vows to right the wrongs of society and cure the ills of Americans who have been left behind by trickle-down economics and rampant yuppie material obsessions. For the first time in his life, he registers to vote.

He registers as a Democrat.

## EDUCATION:

Kids today are dazzled by Hollywood's virtual worlds and not paying enough attention to learning. El Culo Negro urges Hollywood to use its teen stars like Freddie Prinze Jr and Sarah Michelle Gellar to make educational blockbusters like "Algebra II" and "European History In the 17th Century." El Culo Negro also promises that if he becomes Vice-President, he will learn to read.

## ECONOMY:

He not only supports the current administration's ability to expand the nation's economy, but El Culo Negro believes that poor people do not have enough money, and should get more. He has various innovative plans to increase wealth among the underprivileged, including coupon clipping services, government subsidized tickets to sporting events, and the legalizing of money found in various board games.

## HEALTHCARE:

El Culo Negro favors Gore's plans on Universal Healthcare. If it were up to El Culo Negro though, Universal Healthcare would truly include everyone in the universe, not just the People Of Earth.

## CIVIL RIGHTS:

Like El Culo Negro, we all wear masks on the outside of our faces so that we may classify ourselves to the world. On the inside though, we are all people who look like regular people. El Culo Negro believes in civil rights for everyone, no matter what "mask" they choose to wear. Personally, Culo does not like Eskimos, but that is irrelevant.

## GAYS IN THE MILITARY:

Gay men are good wrestlers and El Culo Negro has seen many of their videos. He would be honored to serve at their side.

## ENVIRONMENT:

El Culo Negro believes that the only trees that should be taken from the forest are ones that can be removed by hand. This will limit deforestation, and raise the demand for large, barrel-chested lumberjacks.

## GENETIC ENGINEERING:

Experiments in the creation of new life forms sit well with El Culo Negro. He draws the line at any new organism that has the ability to speak. Talking tomatoes are scary.

## GUN CONTROL:

El Culo Negro does not want average citizens to kill each other, so he is against assault rifles and cop killing bullets. He brings to the ticket a desire to get more futuristic weaponry into the hands of the military, such as laser guns and photon torpedoes.

## POLITICAL EXPERIENCE

1987: El Culo Negro's first political race is a devastating loss in the presidential election for the El Culo Negro Fan Club. The loss makes him a bolder fighter, willing to take risks like he did in the ring.

1988: Elected President of the Rotary Club in Bisbee, AZ.

1991: Elected Treasurer for the Bisbee Chapter of the La Leche League.

1993-1998: Elected Comptroller for Bisbee County.

1999: Wins title "Best Mexican Wrestler Turned Small-Town American Politician" in Bisbee Sun-Times.

## FILMOGRAPHY

El Culo Negro is also an experienced popular entertainer as well as a wrestler. Some of El Culo's feature film work includes:
